Off Hours – Hours not scheduled for 'Open Hours' (RSO staffed), Public Hours or Scheduled Hours. Intention is to develop training for members that will allow the use of the IR during Off Hours by Members certified to do so. The cost to activate range mechanicals needs to be explored for us to ensure it isn't cost prohibitive.

Range Safety Officer (RSO) – A certified safety officer volunteering or working for the Foundation.

Indoor Range Certification – This is a program under construction by our CRSO and Training Staff that will enable IR Members to use the IR during "Off Hours" and "Open Hours" when no RSO is on duty.
