

# JULY & AUGUST 2022

### **3-Hour Skill Builder Intensive Clinic #1 Fundamentals of Holster Drawing & Post-Engagement Tactics Tuesday, July 12, 2022 - 4:00 pm to 7:00 pm**

This 3-hour intensive skill-builder clinic will bring the students through a 'basics of safety' review, then transition into training modules relating to the safe and tactical use of both external and concealment holsters, effective combat presentation from the holster, ready positions, safety circle (Sul.) and introduce the concepts of post-engagement assessment tactics.

**Course tuition (includes targets and range fees):**  
CCSSEF Members and non-members: \$60

**Registration link:** <http://classes.critical-dynamics.com/sbc1-knh>

### **3-Hour Skill Builder Intensive Clinic #2 Mastering Trigger Control Techniques Tuesday, July 19, 2022 - 4:00 pm to 7:00 pm**

This 3-hour intensive skill-builder clinic will bring the students through a 'basics of safety' review, then transition into training modules designed to produce immediate and dramatic improvements to a student's level of accuracy and shooting proficiency. Trigger control is often the most misunderstood of the 'fundamentals of marksmanship.' Understanding and application of concepts and techniques taught in this clinic are guaranteed to produce immediate results. This training will also include a module on quickly and efficiently establishing a proper combat grip through the understanding of using tactile index points.

**Course tuition (includes targets and range fees):**  
CCSSEF Members and non-members: \$60

**Registration link:** <http://classes.critical-dynamics.com/sbc2-knh>

### **3-Hour Skill Builder Intensive Clinic #3 Ammunition Management & Administrative Loading, Emergency and Tactical Reloading Tuesday, July 26, 2022 - 4:00 pm to 7:00 pm**

This 3-hour intensive skill-builder clinic will bring the students through a 'basics of safety' review, then transition into training modules covering the concept and practice of efficient ammunition management, proper staging of pistol magazines, administrative loading and press checks, as well as proper emergency reloading and effective tactical reloading in theory and practice. Students will also learn the principles behind safe and efficient one-handed emergency reloading.

**Course tuition (includes targets and range fees):**  
CCSSEF Members and non-members: \$60

**Registration link:** <http://classes.critical-dynamics.com/sbc3-knh>

### **3-Hour Skill Builder Intensive Clinic #4 Stoppages and Malfunctions: Diagnostics and Immediate Actions Tuesday, August 2, 2022 - 4:00 pm to 7:00 pm**

This 3-hour intensive skill-builder clinic will bring the students through a 'basics of safety' review, then transition into training modules that compare and contrast stoppages and ammunition-related malfunctions, providing an understanding of the critical differences between the two, and teaching the student how to properly diagnose and tactically remediate the dreaded "jam." (Unless it's strawberry jam. Then it's not dreaded. Because strawberry jam is yummy.) Students will also learn the principles behind safe and efficient one-handed immediate-action procedures.

**Course tuition (includes targets and range fees):**  
CCSSEF Members and non-members: \$60

**Registration link:** <http://classes.critical-dynamics.com/sbc4-knh>

# JULY & AUGUST 2022

### **3-Hour Skill Builder Intensive Clinic #5 Shooting on the Move Tuesday, August 9, 2022 - 4:00 pm to 7:00 pm**

This 3-hour intensive skill-builder clinic will bring the students through a 'basics of safety' review, then transition into training modules which will foster an understanding of tactical movement. Modules include turns and pivots, move-stop-shoot techniques, shooting while moving, and principles of "getting off the X," all while maintaining combat accuracy.

**Course tuition (includes targets and range fees):**  
CCSSEF Members and non-members: \$60

**Registration link:** <http://classes.critical-dynamics.com/sbc5-knh>

### **3-Hour Skill Builder Intensive Clinic #6 Non-Conventional Shooting Positions Tuesday, August 16, 2022 - 4:00 pm to 7:00 pm**

This 3-hour intensive skill-builder clinic will bring the students through a 'basics of safety' review, then transition into training modules which will teach the students a variety of shooting positions beyond the standard "combat isosceles" and "field interview" stances, including supine, prone, high kneel, low kneel, seated, and others.

**Course tuition (includes targets and range fees):**  
CCSSEF Members and non-members: \$60

**Registration link:** <http://classes.critical-dynamics.com/sbc6-knh>

### **3-Hour Skill Builder Intensive Clinic #7 Tactical Use of Cover and Concealment Tuesday, August 23, 2022 - 4:00 pm to 7:00 pm**

This 3-hour intensive skill-builder clinic will bring the students through a 'basics of safety' review, then transition into training modules that compare and contrast the concepts of cover and concealment. Students will learn strategies to make cover work for them, and increase their levels of combat accuracy when shooting from concealment or from behind cover.

**Course tuition (includes targets and range fees):**  
CCSSEF Members and non-members: \$60

**Registration link:** <http://classes.critical-dynamics.com/sbc7-knh>

### **3-Hour Skill Builder Intensive Clinic #8 Drills! Drills! Drills! Tuesday, August 30, 2022 - 4:00 pm to 7:00 pm**

Ready to put your skills to the test? Following a "basics of safety" review, this 3-hour skill-builder clinic will run students through a series of law enforcement and military-level shooting qualification drills designed to assess core competencies in a variety of skills and provide opportunities both identify and remediate areas of concern.

**Course tuition (includes targets and range fees):**  
CCSSEF Members and non-members: \$60

**Registration link:** <http://classes.critical-dynamics.com/sbc8-knh>

**Prerequisites:** At a minimum, students must be able to demonstrate their understanding of basic firearms safety and handling concepts. Completion of a basic firearms course (NRA First Steps Pistol, NRA Basic Pistol, or another basic pistol course) is preferred but not required. This clinic is NOT suited for the novice or beginner shooter. The training cadre reserves the right to remove from the program any student who lacks sufficient understanding of basic safety practices or basic operational procedures using a semi-automatic pistol.

Every 3-Hour Skill Builder Intensive Clinic is taught by certified and credentialed law-enforcement tactical firearms master instructors.
