

# VINTAGE SNIPER MATCH

**2023 Matches: June 25th & September 24th**

This shoot will be 15 shots at SR3 target at 300 yards, and 15 shots at the MR1 target at 600 yards, all prone shooting. The challenging part of this match is that the targets are available for only 20 seconds to shoot at, and the shooter must be ready to shoot again in 20 seconds. This is actually a team match, shooter and a spotter, who switch positions so that each person can shoot the 30 shots. There are sighting shots at each stage. The preferred rifle is a vintage WW2 period correct sniper rifle like the 1903 A4, or 1941 (1903 with Unertl). There is a class for modern sniper rifles, all the same rules apply.

Registration at 0830, first shot at 0900. Cost is \$10 per shooter. The High Power shooters are always looking for new shooters. Anyone interested should contact Neil Jeneral @ [njeneral@ne.rr.com](mailto:njeneral@ne.rr.com), cell 603-398-3238.
