

Hello,

My name is Ruth Murphy. I have been an active board member for 10 years and a membership secretary for 7 of a 800 member, private firing range before my recent move to New Hampshire.

During my tenure as a board member, we improved membership involvement and engagement. Received NRA grants of over half a million dollars and brought the club back from a toxic board environment. The board improvements made were in the area of accountability, organization of club records, policies and capital improvements.

I am a certified NRA CRSO, Rifle and Pistol instructor. I specialize in small training groups and ladies events for new shooters.

My day job is as a cybersecurity architect. I specialize in server and Network security.

- ;) Ruth

Ask yourself..... When was the last time you introduced a new shooter to the sport?

NRA Certified Firearms instructor

NRA Certified Chief Range Officer
