Position: Board Member
Cheshire County Shooting Sports & Education Foundation

To Whom It May Concern:

I am a New Hampshire resident, firearms instructor, and small-business owner who has a genuine appreciation for the shooting sports and the community that surrounds them.

Through my work with Runenation LLC, I have had the opportunity to teach people of different backgrounds and experience levels, with an emphasis on safety, education, and responsible firearms ownership. I personally believe that good education and a welcoming environment are essential to keeping the shooting sports strong for future generations.

I have enjoyed serving on the Board of the Cheshire County Shooting Sports and Education Foundation and am seeking re-election so I can continue giving back to the organization and the local community.

I hope to help support the Foundation's continued growth, maintain a safe and welcoming environment, and ensure that CCSSEF remains a place where people can learn, participate, and enjoy the shooting sports responsibly.

Sincerely,

Ian Strimbeck
