

David Gaillardetz

Current Positions: Board Member, Law Enforcement Liaison, Chief Range Safety Officer and Range Facilities Manager for the last 8 years.

I reside in Swanzey NH and have been in Safety Services most of my life. Graduated High School, went into law enforcement for seven years in the town I reside in currently, then into fire service where I was a NH Fire Standards and training instructor for 18 years, teaching new recruits how to become FFs and along with Safety.

I retired from Fire service then got back into Law Enforcement: seven years with Cheshire County Sheriff's and now last 5.5 years with Windham County Sheriff's. I am currently the Department's armorer. I assist in making sure all Deputies qualify every year safely with their firearms.

As you can see I am all about safety: it is a priority to me. I have enjoyed serving on the board for the CCSSEF and am seeking re-election so I can continue giving back to the Foundation and Community. I would like to continue supporting the foundation's growth in shooting sports, maintaining a safe environment, and welcoming people to come and enjoy shooting sports responsibly.

Thank for your time. I look forward to being on the board again.
